

# AQUA-TEKNIK A/S

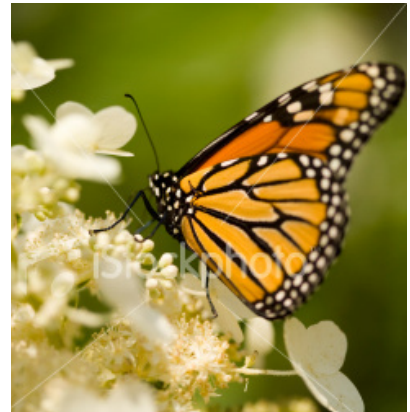

WATER TREATMENT

## DONG ENERGY

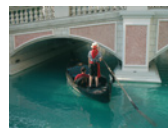

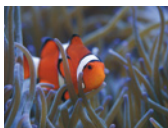

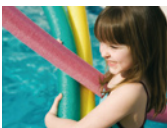

The most efficient and least polluting power stations worldwide. In connection with the cleaning of fuel gas Aqua-Teknik has installed a complete filter system for cleaning by means of activated carbon.

Converting natural resources into energy has an environmental impact.

DONG Energy is demonstrating exemplary environmental conduct, with a constant upgrade to the least polluting production plants worldwide.

Aqua-Teknik has specialized in the use of carbon filtration for a wide range of purposes.
