

AQUA-TEKNIK A/S

WATER TREATMENT

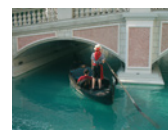

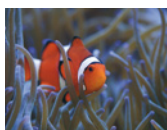

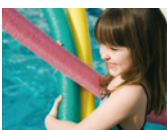

HOLSTEBRO BADELAND

Water playground for children and adults. "To play is to live", they say. Aqua-Teknik was design and build contractor for the water treatment system and delivered all equipment for the playing area.

The biggest water park of the area.

The fastest water chute, water falls, water cannons, whirl-pool, bubble-zones, geysers, caves, saunas, health booth, steam bath, solariums and much more.
